Date:

### Four Sphere of the Earth

List	Draw a picture
1.	
2.	
3.	
4.	

### Label Diagram

Geosphere:	
Hydrosphere:	
Atmosphere:	

Define	
Troposphere	
Stratosphere	
Mesosphere	
Thermosphere	
Exosphere	

**Interactions of the Sphere**

-The spheres interact through certain processor cycles and transfer matter and energy

How we use various components...

Biosphere= We drink water

Hydrosphere =breathe oxygen (atmosphere) to survive

**Types of Systems**

-Systems consist of various components that are interdependent and collectively form an organized structure.

Open Systems	Closed Systems
